Carefree Dealer Store and Accessories Guide

Earn More Profits with Carefree's in-store display system

A one-stop system of our most popular replacement parts, upgrades, or accessories.

Being a Carefree Authorized Dealer

You gain so much with so little effort by becoming an Authorized Carefree Dealer Store. First, you gain a preferred listing on Carefree's web site carefreeofcolorado.com. Once you are an Authorized Dealer you can easily place orders and access additional customer support systems such as e-carefree.com. You'll also be able to download and view parts catalogs and product diagrams. You can track orders, submit and track warranty claims and are eligible for money saving exclusive offers. See your Carefree representative about becoming an Authorized Carefree Store.

A full line of parts, upgrades and accessories

Carefree has developed a full line of retail packaged parts, upgrades and accessories, all beautifully done in full color clamshell packaging, full color boxes or retail friendly display bags that double as storage.

Carefree can provide your store with a complete one-stop retail display system with signage, P.O.P. displays and product demos. They look great and sell product. This system can be customized to fit your store and your customer's needs. This integrated system is concisely branded and sharply themed to make your store look great. You can expect to earn 30-40% margin on these retail package goods.

Ground Covers & Storage Locker

Carefree Dura-Mat™

These are the strongest, most durable mats available. They're grommeted, hemmed all around, and dirt and water filter right through.

The Carefree Dura-Mat is the most rugged and beautiful mat on the market. Colored vinyl strands and reinforcement fibers are loomed into a woven fabric, then compacted and bonded for exceptional strength and durability preventing the mat from killing the grass underneath. These mats feature reinforced brass grommets for staking the mat to the ground. The Carefree Dura-Mat comes in a handy, reusable carry and storage bag, and folds up small for storage.

Part # 055374

Don't put up with the heat and glare of early morning or late afternoon sun.

The SunBlocker's weather resistant, see through, open-weave fabric cuts almost 85% of the light to keep your customers cool and comfortable—but it doesn't block your view! SunBlocker's fabric construction is a woven 100% polyester with a durable vinyl coating. It slips quickly and easily into the open slot on most awning roller tubes. SunBlockers come in a convenient carry and storage bag (18.5" wide x 16" tall x 3.25" deep). All stakes and cords included.

SideBlocker™

Shade the area under your awning with a 6' drop. Keeps you cool and comfortable and cuts the sun's glare.

SideBlockers add privacy and protection all around. SideBlockers block the glaring sun from the side openings of your awning. Set-up is easy. The loop end fits a small bracket mounted by the awning rail, the other end secures to the roller tube. Sets up on either

end of the awning. SideBlockers come in a convenient carry and storage bag (18.5" W x 16" T x 3.25" D). Stakes and cords included.

"One size fits all" on any conventional 8' projection awning. 6' drop.

Blockers & Window Covers

EZ ZipBlocker™

Fits most brands of awnings. Slides into the empty slot of your awning. The top portion stays in your awning to make it easier to reach!

Open weave fabric cuts approximately 85% of the sun's light to keep you cool and comfortable. Unique vinyl coated polyester fabric provides years of use. Spikes and tie-downs included.

EZ ZipBlocker comes in two pieces, a 6' body panel and an insert: 7' drop has a 6' body panel and a 1' insert. 8' drop has a 2' insert 9' drop has a 3' insert.

The insert slides into the awning roller and rolls up with the awning (12V and manual crank out awnings only). This allows you to reach the zipper without a ladder. When you set up again, simply zip the body panel into the insert. Includes a convenient storage bag (18.5" W x 16" T x 3.25" D). Also works on spring loaded awnings.

Shade Extension

Awning Extend'r™

No drilling or dealer installation required! Quick, easy set-up.
Fits all manual and 12V awnings with an empty slot in the roll tube.

The Awning Extend'r extends the shade of your awning by eight feet. Includes adjustable support poles and all stakes and straps to secure the extension. Comes in a convenient, lightweight storage bag.

The support poles feature an easy flip lock adjustment which allows the poles to collapse to a shorter length for more compact storage and easier travel. Storage bag is 46" long x 5" tall x 8" wide.

Pole Kit™

Turn your SunBlocker or EZ ZipBlocker into another 6' of awning!

Carefree's Pole Kit lets you convert your SunBlocker to an awning extension for more room under your canopy.

Carefree's Pole Kit allows you to turn your SunBlocker or EZ ZipBlocker into an Awning Extension. Instead of staking your SunBlocker down in a vertical position, use Carefree's support poles to raise the bottom of your Blocker up at any angle you choose. Get yourself a lot more shade!

Carefree's support poles feature a single adjustment point. This allows them to collapse to a short length for compact storage and easier travel.

Includes two poles, tie down straps, stakes, and a convenient storage bag. Also works with most other brands of blockers.

Carefree's pole design at different stages of extension.

Includes stakes, tie-downs & storage bag.

Awning Rooms

Buena Vista+ Room™

Fits traditional and 12V awnings with vertical arms from 10'-21' and Carefree Campout and Freedom awnings from 3-5 meters

It's lightweight, convenient and easy to set up. Nearly doubles your living space! Just attach it to your awning, and you're done!

No drilling or dealer installation required!

The Buena Vista's support rafters keeps both a taut canopy and the room sealed up tight.

The ends of the Buena Vista+ lock up tight against the vehicle and the roller without drilling or permanent mounts.

The Buena Vista+ packs up small but opens up big.

The Buena Vista+ increases living space and allows enjoyment of the outdoors.

Setting up the Buena Vista+ is quick and easy. The door can be mounted on the left or right side, and there's an easy to use wall seal. It takes less than 15 minutes to set up.

It's perfect for picnics and relaxation. When you're ready to hit the road again, it goes back into a convenient storage bag (56" long x 12" tall x 12" wide). There's an extension panel for odd-sized rooms.

Features include ground stakes and skirting. Clear weather-view zippered panels on the outside keep rain out, and the zippered panels on the inside are for privacy. Includes a one piece skirt for under the RV.

Awning Rooms

Vacation'r Room™

Fits traditional and 12V awnings with vertical arms

The Vacation'r is made of tough, lightweight material. It's easy to carry, store and quick to set up. It comes with a convenient storage bag.

No drilling or dealer installation required!

There are no poles, rafters or permanent fasteners to attach to your coach. The Vacation'r's innovative design works seamlessly on awnings with a rain-dump feature.

This high quality, lightweight room is designed to fit nearly all traditional and 12 Volt patio awnings with an 8' extension. The door can be installed on the left or right. Includes a one piece vinyl skirt.

Storage bag is 30" long x 12" tall x 12" wide.

Side panels attach to the rail slot and roller tube.

A tight seal all around helps keep out water and bugs.

Exterior multi-position privacy panels help keep out rain.

Toggle-style attachments secure multiple setting privacy panels.

Comes with stakes, skirting and a wheel well filler.

Zippered insert slides easily into the extra slot on the roller tube.

Cut-to-Fit Fabrics

for Patio Awnings

“There’s no need to wait for a made to order patio awning replacement canopy.”

Shown here is the Cutting Board Tool with an Ash fabric roll.

Simply cut the fabric to fit your customer’s patio awning right on the spot with Carefree’s Cutting Board & Cutting Tool. This board is 96" long by 8" wide by 2" high. The cutting board tool features a rotating cutting blade and is shown here with a replacement fabric roll.

Carefree’s Cut-to-Fit two piece Patio Awning fabrics are made of 13.5 oz vinyl fabric specially designed for cutting without fraying and feature pre-installed polycord (1/4" at awning rail & 3/16" at roll bar) for quick and easy installation. All fabric rolls include the awning valance for a complete, on-the-spot canopy replacement!

Cut fabric using the rotating cutting blade.

Welded hem prevents fraying after cut.

Polycord is pre-installed into the awning fabric.

Cut-to-Fit Fabrics

for Slideout Awnings

Now Available with FLXguard®!

Extra heavy duty look and protection of a metal wrap, but with a new flexible material that rolls up with your awning to wrap and protect your awning fabric when you're on the road.

Now there's no need to place an order and wait for Slideout replacement canopies. Simply cut the fabric to fit right on the spot for your customers using Carefree's Cutting Board Tool! This board measures 58"L x 8"W x 2"H and is designed to perform work in as little space as possible, like the tailgate of a pickup truck. The cutting board features a metallic hinged support piece to hold the fabric in place while cutting.

Carefree's Cut-to-Fit Fabrics are made of 12 oz. vinyl fabric, feature pre-installed polycord. Available in the three colors shown at right.
