Manual Crank Patio Awning

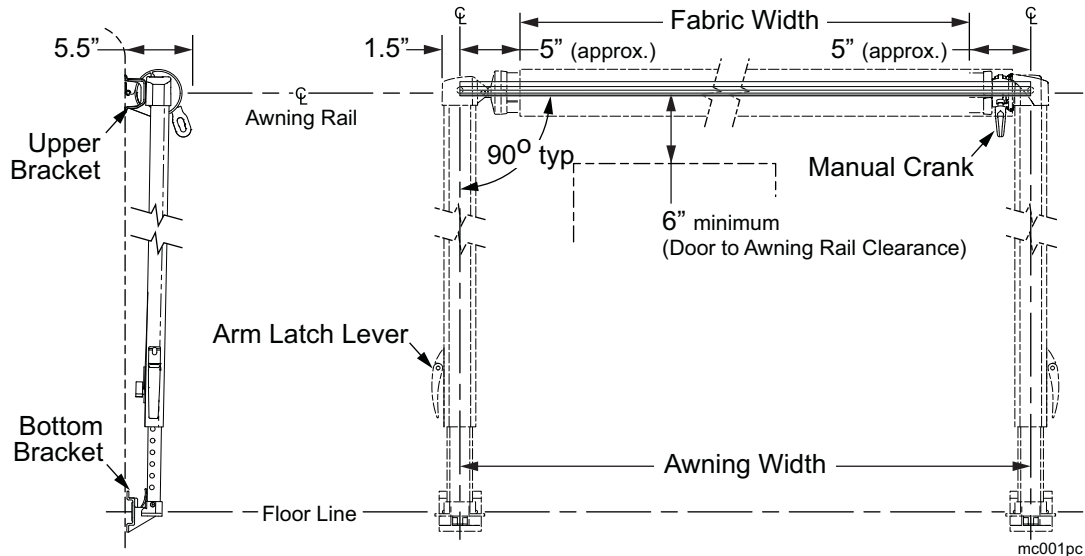

- Easy to use manual crank operation. No springs.
- No travel locks required. The manual crank gear mechanism securely holds the awning during travel - no billowing.
- When the awning is extended, the arms can be left on the RV or rotated down and placed in the carport position (vertical).
- The pitch can be set to optimize shade and rain run-off.
- Simple Installation.
- Optional factory installed LED lighting available. LED strip mounts on roller tube. Wiring is routed through the canopy hem.
