A guide to leaving your problems behind

You've worked hard. You've been responsible. Now it's time to enjoy yourself and explore that big, beautiful world out there. So go ahead, hit the road. Explore your world. Live the Carefree lifestyle.

Quality

You have no time for parts that break, accessories that don't work, or things that don't do what they were designed for. The relaxation experts at Carefree understand this. Their mission is to make your life easier and more enjoyable by bringing you products that you need, that last, and that bring comfort and style to your life.

Value

Peace of mind starts with knowing that your dollar was well spent. Carefree has long been the industry leader in innovation and quality. Constructed of rugged, durable and beautiful materials, Carefree products are built to last.

Performance

Carefree not only brought you the first truly automatic roll up RV awnings, we later revolutionized the industry by bringing the ease of push-button convenience to your campsite. And we continue to bring the most innovative and creative comfort and convenience products to the RV lifestyle.

Style

Carefree offers a sleek, unified family of products to enhance your RV experience. Carefree products are designed to blend into and complement your RV.

So have a good trip, drive safely, and send us a postcard.

110 Volt Mirage™

with Direct Response™ Electronics

“Push button controls are easy to use, and the Motion Detection System automatically retracts the awning in excessive winds— You set the sensitivity level on the control panel.”

Superior design, a beautiful, sleek look and unmatched quality only begin to tell the Mirage story:

- ▶ The best looking, easiest-to-use lateral box awning.
- ▶ Locks automatically for travel.
- ▶ Manual override.
- ▶ Strongest lateral arms in the industry.
- ▶ Durable acrylic fabric.
- ▶ Optional wireless remote control.

1

Available with
FLXguard
PROTECTION

12 Volt Eclipse™

with adjustable pitch settings

“The truss support design provides maximum head clearance and provides superior strength.”

Carefree's Eclipse is unmatched in style, beauty, strength and selection. You can order it as a complete new awning or you can upgrade your existing Carefree, Solera® or A&E/Dometic awning by changing the arms out to Eclipse arms.

- ▶ Push button operation.
- ▶ Six instant pitch settings on each arm.
- ▶ White, black or satin arm colors.
- ▶ Automatically locks for travel.
- ▶ Automatic self-leveling retraction from any pitch.
- ▶ Optional automatic retraction.
- ▶ Optional remote control.
- ▶ Optional metal wrap or FLXguard protection.

convenience options for your **Eclipse**

Direct Response Electronics with easy-to-use controls senses canopy motion and automatically retracts the awning.

Wireless Remote Control allows you to open or close your Eclipse from almost anywhere around your campsite with just the push of a button. *(Must have Direct Response option.)*

2

12 Volt
Travel'r™

“12 Volt convenience at an economical price!”

Available with
FLXguard
PROTECTION

Power awnings aren't just for the big rigs anymore!

The Travel'r patio awning incorporates some of the popular design features and integrated styling of Carefree's popular 12V Eclipse:

- ▶ Order as a complete new awning or upgrade your existing Carefree, Solera or A&E/Dometic awning fabric and roller by changing out the arms to Travel'r arms.
- ▶ Easy push button operation.
- ▶ Truss support design provides maximum head clearance without sacrificing strength.
- ▶ Automatically locks for travel.
- ▶ Automatic self-leveling retraction from any pitch.
- ▶ White or black arm colors.
- ▶ Optional automatic retraction.
- ▶ Optional metal wrap or FLXguard protection.

Available in Adjustable & Steep Pitch models!

the Direct Response option for **Travel'r**

Direct Response Electronics for Travel'r automatically retracts your awning to protect it when canopy movement exceeds a pre-determined threshold. Features easy to use controls.

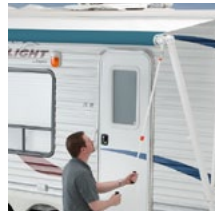

3

Pioneer™

“Quick, easy manual operation! There's no locks, springs or pull straps to fight with.”

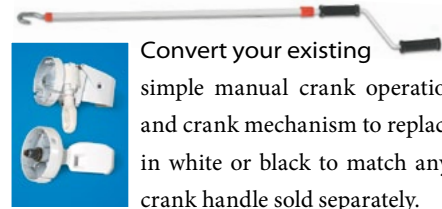

Available with
FLXguard
PROTECTION

Setting up the Pioneer requires fewer steps than traditional spring-loaded awnings. Simply turn the hand crank, slide the slider arm up to the roller and tighten. Then raise the roller with the lift handles to any desired pitch. It's the easiest non-powered awning to operate.

- ▶ Pioneer's crank assembly ensures the tightest canopy.
- ▶ Worm gear crank assembly automatically locks the roller in place, eliminating billowing in transit.

Available as a complete new awning or as an Upgrade Kit

Convert your existing Carefree awning to simple manual crank operation. Includes an end cap and crank mechanism to replace your springs. Available in white or black to match any arm color. Telescoping crank handle sold separately.

Sleek, low profile lightweight **Pioneer Lite**

It's the **Pioneer** in a lightweight, low profile design. All the same features as the Pioneer, but at an economical price.

4

Fiesta™

Available with
FLXguard
PROTECTION

“A premium spring loaded awning at a great price. The Fiesta outperforms the competition’s spring awnings.”

No-Wand Remote Lock for easy no-reach operation.

Self-Storing Canopy Clamps keep your canopy tight.

Single Track Slider for smooth sliding action without binding.

The Fiesta is the time-tested value leader in a spring operated awning. It looks better, lasts longer and has more convenience features than other awning brands. It has proven itself with years of outstanding performance.

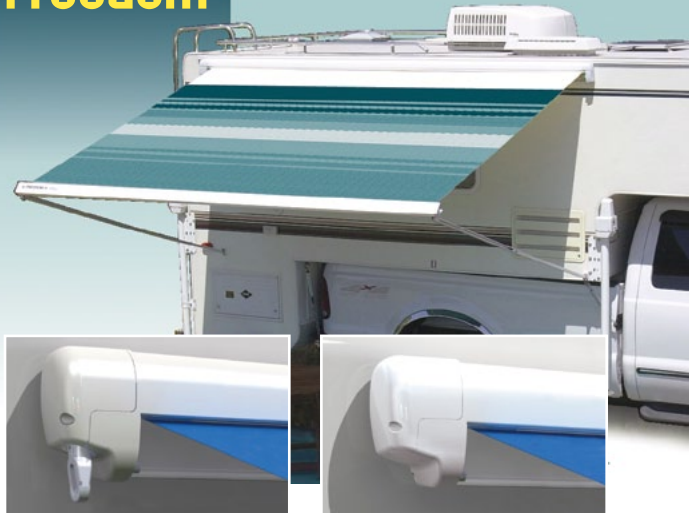

- ▶ The Fiesta features the strongest arm channels available. Don't settle for the other awning brand's less rigid awnings.
- ▶ Exclusive, easy remote lock
- ▶ Exclusive built in Canopy Clamps
- ▶ Single-track slider prevents binding
- ▶ Self-locking handle
- ▶ Integrated arm lock

Available with optional Aluma-guard metal wrap or FLXguard to further protect your canopy.

5

Freedom™

Wall Mount Awning

Manual Model comes complete with a telescoping hand crank.

And the 12V Power Model features push button operation.

Carefree's Freedom Wall Mount box awning mounts to the side of your truck camper, van, trailer or RV. Turn the hand crank or simply push a button (*12 volt models*) to open the awning. The support arms slide out of the lead bar once it's within reach. To close, just reverse the process. Includes mounting hardware.

- ▶ Sleek look, unmatched beauty.
- ▶ The support arms adjust easily with flip lock controls.
- ▶ Features a sturdy aluminum case and metal end caps.
- ▶ If you don't have the space to fully extend, you can stop at any point and set up your Freedom.
- ▶ Manual override on 12V model in case of power loss.

Upgrade from a manual awning to automatic 12V operation by purchasing the Freedom Motor Upgrade Kit!

Freedom™

Roof Mount Awning

Similar to the Freedom Wall Mount, except it mounts on the roof. A roof mounted awning allows for a narrower profile in tight spaces. The Freedom Roof Mount features similar operation and set-up as the Wall Mount version. Available in Manual Crank or 12V models. Roof mount brackets sold separately.

6

Campout™

*“It’s easy to set up and easy to put away.
More than ten fabric colors to choose from.
Insist on a Campout over any other bag awning.”*

There are three BIG reasons you should insist on a Campout over any other bag awning:

- ▶ **Campout’s easy set up**—Self-storing arms and braces simply fold into the lead bar. Flip-lock levers make arm and brace adjustment quick and easy. Only the Campout Awning offers such ease of setup.
- ▶ **Campout’s durable construction**—Heavy-duty aluminum channels, sturdy hardware, stronger zippers and rugged vinyl fabric make the Campout the toughest bag awning available.
- ▶ **No loose ropes, poles or tie downs!** —The Campout stores neatly away in its own storage bag. It looks better and there are no loose parts to misplace or get in the way.

12 Volt pop-up **Camper Lift™**

Just flip the switch and raise your camper top in less than a minute. Stops automatically at raised and lowered positions, or you can stop the Camper Lift any time. The camper top will not drift up or down.

7

Ascent™

“The Ascent is the most innovative automatic slideroom awning on the market. Nothing else comes close to matching its performance & style.”

The Ascent features an enclosed roller assembly that provides both protection for your awning, and a sleek, modern look when closed for travel.

The removable hinged cover provides maximum fabric protection along with the clean, finished look of a fully enclosed roller assembly. It also provides easy access for cleaning.

The Ascent keeps your RV cooler and protects your coach's interior from water, dirt and debris that can be dragged inside when retracting your room. Keeping sticks and debris out will extend the life of your slideroom seals and interior flooring.

- ▶ All mounting hardware is concealed for a clean, finished look.
- ▶ There are no travel locks or billow mechanisms to fuss with. The Ascent extends automatically with your slideout.
- ▶ A roller tray runs the entire length of the awning, eliminating the roller sag you see with other brands of slideout awnings.
- ▶ Works with even the longest slideout rooms—Up to 32' lengths.

8

SideOut Kover III™

“The SideOut Kover III slideout awning integrates with the patio and window awnings for a sleek, modern, unified look.”

Choose the aluminum cover model for maximum fabric protection.

The SideOut Kover III with wind deflector resists billowing.

The SideOut Kover III is a step above other brands of slideout awnings. The SideOut Kover III's unified, sleek, and modern look enhances the curb appeal of your RV.

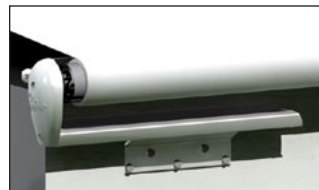

- ▶ Protects interior from water, dirt and debris, extending the life of your slide room seals.
- ▶ Keeps your RV cooler.
- ▶ Concealed, built-in cradle support prevents the roller from sagging.
- ▶ The deflector (*or the cover—depending on the model*) helps the fabric resist billowing while traveling.
- ▶ Mounting screws are concealed for a clean look.
- ▶ Made of extruded aluminum for long lasting durability.

Slideout Cover™

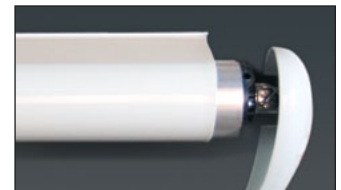

Available with
FLXguard
PROTECTION

“The Slideout Cover helps keep water, leaves, dirt and debris off of your slideout and out of your RV, while it keeps your slideroom cooler and cleaner.”

The sleek, integrated brackets provide for universal mounting.

Protect your valuable awning fabric with Carefree's new FLXguard.

The Slideout Cover automatically extends with your slideroom for easy shade and protection. There's no need for manual locks or wind deflectors, Carefree's exclusive roller lock prevents billowing while in transit. The lock automatically engages when the room is closed and unlocks when deployed. It's a beautiful slideout awning at an economical price.

- ▶ Protects interior from water, dirt and debris, extending the life of your slide room seals.
- ▶ Keeps your RV cooler.
- ▶ Reinforced corners on the canopy ensure a long lasting fabric.
- ▶ The roller tube and mounting brackets are heavy-duty extruded aluminum for years of use and piece of mind.
- ▶ Choose from white vinyl with matching white mounting brackets or black vinyl with black mounting brackets.
- ▶ The hole pattern on the mounting brackets matches up with competitive brands for easy replacement.

“SL Window Awnings feature a clean, modern look perfect for today’s RVs and are available in a wide array of fabrics & colors.”

It’s all about the look — SL Window Awnings complement the look of your patio awning and help to keep your RV cooler.

Combine the SL Window Awning’s sleek, modern design with the Uniguard or FLXguard protection and they blend together

with Carefree’s Travel’r & Eclipse patio awnings for a unified look.

- ▶ Optional Uniguard and FLXguard protects your awning fabric from scrapes and scratches. Available in white, black or satin colors.

XL sizes are available to fit tall windows

- ▶ If your window measures more than 36" tall, you’ll need SL XL window awnings. They have 30" arms and a full 45" extension.

Carefree’s protective **Uniguard™**

Uniguard is optional with SL Window Awnings. It fits automatically to accept the window awning roller. In its travel position (pictured above) Uniguard shows a sleek profile.

NEW! Premium Vinyl Fabric

15 oz., 1000 Denier vinyl fabric is double stitched with Gore® Tenara® Thread for durability and clean looks. Gore® Tenara® Thread enhances the life of outdoor products. Antimicrobial Technology. Does

not deteriorate from exposure to the elements or UV light. Unaffected by acids, alkaline solutions and cleaning chemicals. Flexible even in extremes of temperature or frost. Industry best 10 Year Warranty.

Standard Vinyl is a bit lighter than Premium Vinyl. Vinyl awnings come standard with a top portion called Weatherguard or upgrade to new FLXguard or optional metal wrap Uniguard that protects the fabric from sun, scrapes and exposure when the awning is rolled up.

Scaled, Proportional Fabric

patterns perfectly match your Patio and Window Awnings. Window Awning fabrics feature a smaller pattern that matches the large pattern featured on your patio awning.

FullView™ See-through fabric blocks the sun but not your view. The open weave fabric allows for better airflow to keep RV interiors cooler, brighter and lighter. FullView solid colors will complement any style or brand of patio awning.

Acrylic Fabric is extremely strong and durable, yet a beautiful match to any acrylic patio awning. The vivid color pigment is actually in the fabric, so it will keep its vibrant color for years and will resist fading, cracking, peeling, hardening or deterioration. Acrylic

fabrics always come standard with FLXguard or Uniguard protection.

Marquee™ OtD

“The Marquee Window and Over-the-Door Awnings combine for a sleek, unified look!”

The 12V Marquee Over-the-Door and Window Awnings protect and shade your motorhome doors and windows from the sun and rain! Together, they create a modern streamlined look, open or closed. They're the perfect complement to the Mirage patio awning. Marquee Awnings always come standard with acrylic fabric.

Marquee Over-the-Door flat pitch (3°) Awning

- ▶ Simple push button operation.
- ▶ Lateral arms provide strong, sturdy support.
- ▶ The canopy is housed in a durable aluminum case with metal endcaps.
- ▶ Over-the-Door Awnings have a slight pitch (3°) to allow for door clearance.
- ▶ Window Awning model has a steep pitch (33°) for maximum shade.
- ▶ Features manual override if power is lost.

Marquee™ window awning

“The Marquee also works great for shading windows . . . With just the touch of a button”

The Marquee Window Awning looks and works just like the Over-the-Door model, except it has a steeper pitch (33°) for increased shade and cooling.

Truckin' Awn™

Available with
FLXguard
PROTECTION

“Protect your entrance door, keep the rain out and the entryway cool.”

Choose from two models: The *standard model* has a 36" projection and the *auto-rafter model* has a 46" projection.

- ▶ Vary the pitch of the Truckin' Awn with convenient adjustable arms or raise one side only for effective rain run-off.
- ▶ Automatically locks for travel.
- ▶ The Truckin' Awn includes an extruded aluminum awning rail, hinged arms & braces.

Over-the-Door™ "OtD" awnings

“For Class As with cab-forward entry doors”
Simply reach up and extend it with a pull strap, flip out the brace and lock into place. Straight or curved arm applications are available.

Available with optional FLXguard protection.

EZ ZipBlocker™

“Designed specifically for 12V awnings! Fits most brands. The top portion stays in your awning to make it easier to reach!”

Slides into the empty slot of your awning.

- ▶ Open weave fabric cuts approximately 85% of the sun's light to keep you cool and comfortable.
- ▶ Unique vinyl coated polyester fabric provides years of use.
- ▶ Spikes and tie downs included.

▶ Also works with traditional spring and crank model awnings.

Available in 7', 8' or 9' drop and 10', 15' or 19' widths!

EZ ZipBlocker comes in two pieces, a 6' body panel and an insert:

- ▶ 7' drop has a 6' body panel and a 1' insert
- ▶ 8' drop has a 2' insert
- ▶ 9' drop has a 3' insert.

The insert slides into the awning roller and rolls up with the awning. This allows you to reach the zipper without a ladder. When you set up again, simply zip the body panel into the insert.

15

SunBlocker™

“Shade the area under your awning by using a SunBlocker and SideBlocker together. Stay cool and comfortable, but keep your view.”

Don't put up with the heat and glare of early morning or late afternoon sun. The SunBlocker's weather resistant open-weave fabric cuts about 85% of the light to keep you cool and comfortable—but it doesn't block your view!

- ▶ Available in 10', 15' & 17" lengths, all with 6' drop.
- ▶ The fabric is 100% woven polyester with a durable vinyl coating.
- ▶ Slips quickly and easily into the open slot on most awning rollers.
- ▶ Stakes and tie-downs included.

Carefree's protective SideBlocker™

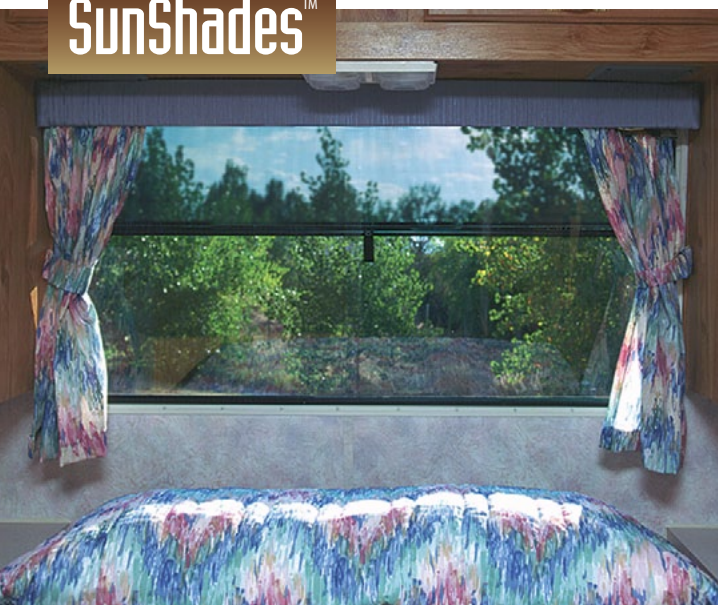

SideBlockers block the sun from the side openings of your awning. Set-up is easy. The loop end fits over a small bracket mounted by the awning rail, while the other end secures to the roller tube. Stakes and tie-downs are included.

The SideBlocker will set up on either end of your awning.

SideBlocker Sizes: *“One size fits all.”* SideBlockers fit any conventional projection awning and have approximately a 6' drop.

16

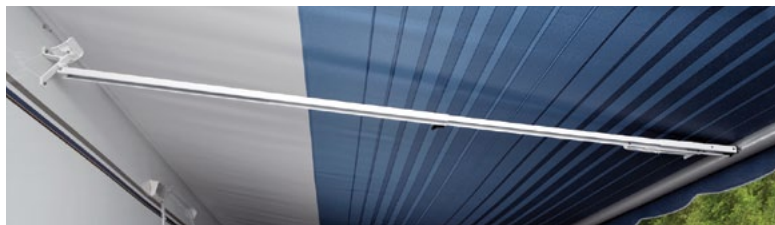

“Carefree SunShades block the sun, keep it cool inside, and lets you keep your view.”

Beat the heat with a FullView SunShade. These exterior shades roll up for travel and down for camping. Up for sun and down for shade. And unlike window awnings, they cover 100% of the glass in your rear window to keep your RV cooler.

- ▶ Carefree SunShades are the perfect solution for RVs that have a rear bedroom window that can't use a window awning because of a ladder or other obstruction that blocks the awning arms.
- ▶ No matter what the angle of the sun, your window stays covered.
- ▶ In the daytime you can see out, but others can't see in.
- ▶ Block the heat and keep your view.
- ▶ FullView SunShades are available in all of the FullView fabric colors, and will match the decor of any RV.

Carefree Rafters and Supports

“Carefree rafters tighten your awning while camping, and support your awning roller during travel.”

Rafter VI™ Easy & convenient, the Rafter VI works on all awning brands. It's easy to set up, just swing it out from the travel bracket and attach it to the awning roller. Twist the locking knob and pull the lever to make the canopy as tight as you want. Stores on or inside your RV.

Rafter VI GS™ *Automatic Awning support WITH ground support*—The Rafter VI GS provides the same benefits as the Rafter VI plus the additional advantage of a Ground Support feature (*see photo below*). Ground Support prevents the roller from sagging while extended. It works in combination with your rafter to keep your canopy tight.

Rafter VII™ *With Gas Shock Assist*
Ideal for tall fifth wheelers, the Rafter VII eliminates the need to re-tension the rafter when you raise your awning. All the same great features of the Rafter VI plus Gas Shock Assist.

Add-on Ground Support

For Rafter VI & Rafter VII. For use if you already have a rafter, but would like the peace of mind of additional roller support.

Automatic Awning Support™

Comes with all rafters, or can be purchased separately to support your awning while in transit.

Buena Vista+ Room™

Add a Carefree Dura-Mat as a floor to your room (pictured)

"There's never any drilling or dealer installation required."

"A premium room that's lightweight, convenient and easy to set up."

"Just attach it to your awning, and you're done! Nearly doubles your living space!"

The Buena Vista's support rafters keep both a taut canopy and the room sealed up tight.

Setting up the Buena Vista

is quick and easy, and there's an easy to use wall seal. It takes less than 15 minutes to set up.

Features include:

- ▶ Ground stakes and skirting.
- ▶ Clear weather-view zippered panels on the outside keep rain out, zippered panels on the inside are for privacy.
- ▶ A convenient storage bag.
- ▶ A tight seal all around helps keep out weather and bugs.
- ▶ Door can be positioned on the left or right side of the front panel of the room.
- ▶ Order a smaller size room than awning for a partial enclosure.

The ends of the Buena Vista lock up tight against the vehicle and the roller without drilling or permanent mounts.

The Buena Vista increases living space and allows enjoyment of the outdoors.

It's perfect for picnics and relaxation.

When you're ready to hit the road again, it goes back into a convenient storage bag. There's an extension panel for odd-sized rooms.

"Great for travel trailers, truck campers, pop-ups and vans. Complete with stakes, skirting and wheel well filler."

The Buena Vista packs up small but opens up big.

Fits most brands of 12V and traditional roll up awnings from 10' to 21' lengths as well as most brands of box awnings from three to five meters. Also fits Carefree Campout bag awnings from three to four meters. Fits awning rail to ground measurement of 86"–138".

Vacation'r™

Awning Room

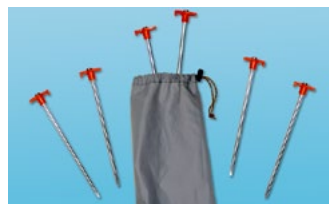

“The Vacation'r is made of tough, lightweight material. It's easy to carry, store and quick to set up. It comes with a convenient storage bag.”

This economical, lightweight room is specifically designed to fit most brands of 12V and all traditional patio awnings. Fits patio awnings from 10' to 21' lengths. There are no poles, rafters or permanent fasteners to attach to your coach. The Vacation'r's innovative design works seamlessly on awnings with a rain-dump feature. Fits awning rail to ground measurements of 86"–138".

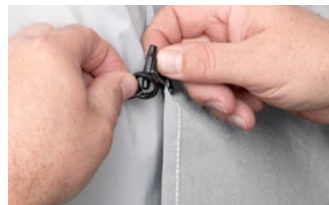

“No drilling or dealer installation required!”

Comes with stakes and skirting for under your RV.

A tight seal all around helps keep out water and bugs.

Toggle-style attachments secure privacy panels with multiple settings.

Multi-position privacy panels on the outside help keep the rain out.

Zippered insert slides easily into the extra slot on the roller tube.

Canopy Extension

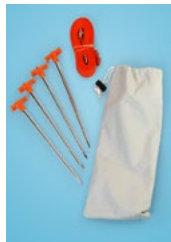

“Extend the shade of your existing awning an additional 8' with the Carefree Canopy Extension”

Extend the shade of your awning with Carefree's canopy extension. This white extension fits easily into any 12 volt or manual awning with an empty slot.

- ▶ Includes adjustable support poles.
- ▶ Includes stakes and straps to secure the extension.
- ▶ Includes a convenient storage bag.

- ▶ Five Sizes (white) 12', 14', 16', 18' and 20' widths, all with an 8' extension.

Quick, easy set up!
Never any drilling or dealer installation

L.E.D. Light Kits

“Brighten your night with Carefree’s brilliant Universal LED Awning Light Kits. Available in your choice of bright white or multi-color kits.”

Now sundown doesn't have to stop the outside fun. Let Carefree throw a little light on the subject and keep the day going, even after dark. Energy saving LEDs provide plenty of light to read by and they can be controlled with a wireless remote control. Available in either a white or multiple color kit.

Universal White LED Awning Light kit:

- ▶ Clean, bright white light
- ▶ Dimmable function
- ▶ Trim to fit custom lengths
- ▶ Keep the day going, even after dark. Enough light to read or play under

Universal Color LED Awning Light kit:

- ▶ Switch between white or any of 15 colors on your wireless remote control (colors shown below)
- ▶ Flash, fade and strobe functions
- ▶ Enough light to read or party under

Both kits come with all the necessary parts for installation

Both kits include 16' of adhesive backed LEDs that can be trimmed to fit custom lengths. Features wireless remote control. No drilling or dealer installation is required. 110V plug and 12V hardwire application.

Carefree Dura-Mat™

“The Carefree Dura-Mat is the strongest, most durable mat available. Dirt and water filters through. And they’re hemmed all around.”

The most rugged and beautiful mat on the market; colored vinyl strands and reinforcement fibers are loomed into a woven fabric then compacted and bonded for exceptional strength and durability.

Constructed with reinforced brass grommets for staking mat to ground. The Dura-Mat is the perfect addition as a floor to any awning room.

Breathable fabric won't kill grass. Carefree Dura-Mats come in their own handy storage bag that can be re-used for years. They fold up small for storage.

The Carefree Dura-Mat opens up big, lays flat, and folds up small. It comes in a handy, re-useable carry and storage bag.

Ground Blanket

“It's lightweight, soft and durable.”

You'll love this handy ground blanket. It folds up neatly and self closes with velcro. When spread, a waterproof backing keeps you clean and dry, and the soft blanket side keeps you comfortable.

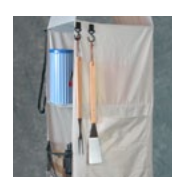

- ▶ Perfect for outdoor gatherings, picnics or just spreading out on the ground.
- ▶ Measures 6.5' x 5.5' when spread open.
- ▶ Folds up into its own convenient carrying case.
- ▶ The Ground Blanket is PVC coated on one side for a waterproof backing.
- ▶ Machine washable.

Storage Locker™

Fits inside the empty slot in the roller of most awning brands.

- ▶ Three shelves (*two with netting*)
- ▶ Strap to hold paper towels
- ▶ Literature/magazine holder
- ▶ Hooks to hang aprons, utensils or whatever you need

Warning: Always remove the Storage Locker before retracting your awning.

Carefree Accessories

Canopy Clamps™

Easy installation.
(set of two)

(White & Black)

Anchor Springs

For use with awning tie-downs and corkscrew anchors.

(set of two)

Corkscrew Anchors

For all roll-up awnings.

(set of two)

Awning Tie Downs

Helps hold your awning steady.

(set of two)

Retractable Pull Cane for roll-up awnings

Premium Stakes

For use with awning tie-downs, awning rooms and mats.

(set of six with storage bag)

Vinyl Patch Kit

Repair kit for tears in vinyl awnings.
(set of two clear patches match any color awning)

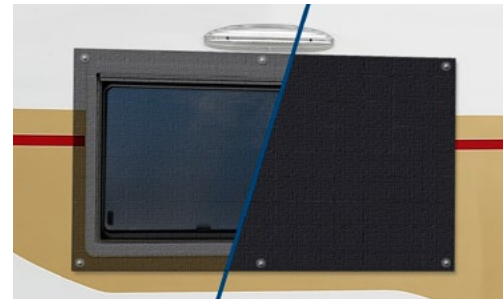

Awning Cleaner

- Easy to use • Non-bleaching formula
- Non-toxic • Pleasant fragrance
- Nonflammable • Biodegradable liquid.

Cleans and protects all types and brands of patio, slide, door and window awnings. Also works on awning rooms and mats.

Window Covers™

External window covers are available in two different options without breaking the bank: Solid black vinyl Window Cover for total privacy or black FullView for heat control and privacy. FullView allows you to enjoy the view but blocks out much of the sun's heat and creates more privacy. (One cover per package). Includes 52" wide x 43" high Window Cover and eight suction cups (you can make multiple covers if your windows are small). Perforated trim-to size for simple DIY installation.

Pull Straps

Carefree Awning Pull Straps are available in 28", 30", 32", 36", 43", 44" lengths. Also available:

Travel Awning (Standard 93"
Window Awning (Standard) 28"
Adjustable (Cut-to-fit) ... 22"– 31"
Adjustable (Buckle) 20"– 33"
NOTE: Measurement is actual length of strap, end to end.

Awning Arm Safety Straps

To keep awning arms secure during travel.
For most roll-up awnings.

Lag Screws

Replace worn or corroded awning mounting screws. Top brackets use 3" lag screws, bottom brackets use 2-1/2" lag screws. Works with most awning brands.

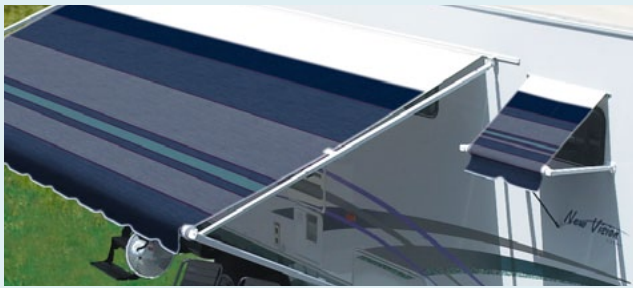

Awning Door Roller Kit

Easy to install kit prevents holes in awning canopies caused by your RV door. For all awning brands.

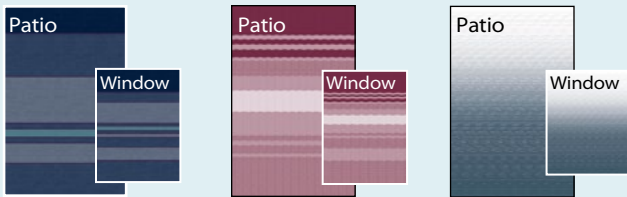

Carefree fabrics | *Carefree's has the perfect fabric for every RV awning!*

NEW! Premium Vinyl 15 oz., 1000 Denier vinyl fabric is double hemmed with Gore® Tenara® Thread for durability and clean looks. Gore® Tenara® Thread enhances the life of outdoor products. Antimicrobial Technology. Does not deteriorate from exposure to the elements or UV light. Unaffected by acids, alkaline solutions and cleaning chemicals. Flexible even in extreme temperature or frost. Industry best 10 Year Warranty.

Standard Vinyl—A bit lighter than Premium Vinyl. All vinyl awnings feature a top portion called Weatherguard that protects the fabric from sun, scrapes and exposure when the awning is rolled up.

All Carefree Vinyl Fabrics feature NEW scaled, proportional fabric patterns that perfectly match Patio and Window Awnings. Window Awning fabrics feature a smaller pattern that matches the large pattern featured on your patio awning. (See photo at top.)

Acrylic—Strong and extremely durable, acrylic fabrics won't rot, mildew or deteriorate. The vivid color can't be removed or washed out. Acrylic keeps its vivid, beautiful color for years without cracking, peeling or hardening.

FullView—This open weave window awning fabric actually cuts about 85% of the sun's glare, to keep you cool and comfortable—and you can see right through it! It's 100% polyester with a durable vinyl coating.

Fabric protection | *Metal wrap, metal cover or tough, flexible wrap!*

Don't let this happen to you! Sun, exposure, travel and campground scrapes can damage your awning fabric. Choose one of these options to upgrade the protection of your valuable fabric over the standard Weatherguard.

NEW! FLXguard™

Lightweight, yet rugged enough to rival metal wraps, FLXguard is extra flexible and wraps up easily with your awning fabric for travel without breaking the bank.

With Carefree's new FLXguard you get the extra heavy duty look and fabric protection of expensive metal wraps without sacrificing clean, finished look. FLXguard is a new, flexible material that rolls up with your awning to wrap and protect your awning fabric from sun, weather and scrapes when you're on the road or when the awning is closed.

The flexibility of fabric, the toughness of metal

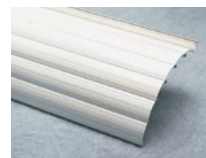

Since FLXguard can be folded and bonded, it allows for remarkable versatility. A narrower guard for smaller awnings, wider guards for wider awnings.

Uniguard™

A one-piece metal protective cover, it automatically lifts and accepts the fabric roller. Uniguard's sleek look blends perfectly into the sidewalls of today's RVs.

Alumaguard™

An upgrade to vinyl Weatherguard, it's also used with Acrylic fabric. This slatted aluminum wrap provides protection for your awning fabric.

Replacement Fabrics

For almost any brand of awning

“When your canopy looks old and faded, we have the solution. These are the quickest, easiest, and least expensive ways to upgrade your RV.”

Vinyl with Weatherguard or optional Alumaguard™, Uniguard™ or Flexguard™

Carefree’s rugged, heavy-duty vinyl fabric has a long life and looks great. Stripe patterns and fades with Carefree’s durable construction will look better and last longer.

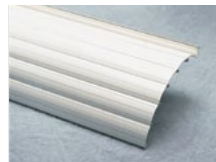

Acrylic *Patio Awning Replacement Fabrics*

For vehicles that already have a Carefree metal wrap. Carefree’s acrylic is a high quality fabric and is available in a wide array of beautiful colors. The fabric keeps its beautiful color for years. It won’t crack, peel or harden. Acrylic fibers are very strong and extremely durable.

Protection for your replacement fabric

If your vehicle doesn’t already have a protective wrap for its awning fabric, you have the option of choosing between tough new FLXguard flexible wrap material or two types of metal wrap protection and have your choice included with your canopy replacement.

FLXguard™ – FLXguard is a new, flexible material that rolls up with your awning to wrap and protect your awning fabric.

Uniguard™ – A one-piece metal protective cover, it automatically lifts and accepts the fabric roller.

Alumaguard™ – This slatted aluminum wrap provides protection for your fabric.

Window Awning

FullView

Vinyl

Acrylic

Select from FullView, vinyl or acrylic fabrics in a wide array of colors that are sure to match or complement any patio awning. Also available with FLXguard, Uniguard or Alumaguard.

Slideout Awning

Universal replacement fabrics fit Carefree, Solera and A&E/Dometic slideout awnings. Carefree’s heavy-duty vinyl and extra reinforcement prevents the canopy from ripping or tearing because of wind flapping or water pooling—the biggest reasons for slideout canopy damage.

Awning Fabric Colors

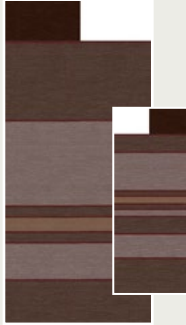

Premium Vinyl is made with a heavier vinyl, antimicrobial imbedded and double hemmed with long lasting Gore® Tenera® thread. They stand up to light, weather and cleaners. 10 year warranty. *Weatherguard color options are shown on top; canopy below. Weatherguard is the color you see when the awning is rolled up.*
